

states to assemble to discuss the silver question; the senate in office of the national bank system and tax on state lands, and to consider a graduated income tax. The remainder of the message is devoted to purely state matters.

**Montana Session.**  
HELENA, Mont., Jan. 11.—The joint ballot for United States senator today stood: Sanders, 32; Clark, 15; Hauser, 11; Dixon, 8; Maginnis, 1; Mulville, 2.

**The Wisconsin Legislature.**  
MADISON, Wis., Jan. 11.—The legislature met at noon, the members were sworn in and the work of organization was completed with Edward Keogh of Milwaukee, speaker of the assembly; H. J. McBride of Milwaukee, president pro tem. of the senate.

**Entering Prohibition Laws.**  
TORONTO, Kan., Jan. 11.—As an evidence of his intention to enforce the state prohibition laws, Governor Lowell has appointed members of a commission charged with that duty in the cities of the state.

**FIXING A RATE SHEET.**  
A meeting of Railway Officials Regarding Freight and Passenger Matters.

ST. PAUL, Minn., Jan. 11.—Today the transcontinental conference took on for the first time the aspect of a body assembled for work and this morning officials of several roads assembled to debate the momentous questions which seem to be causing so much trouble to the freight and passenger matters on transcontinental lines. The adjournment taken yesterday till this morning meant nothing more than a chance to let the freight and passenger committees have an opportunity to hold independent sessions, the former being held in the office of General Traffic Manager Harnford of the Northern Pacific. The meeting of the freight committee was not without its results and the sessions of the other conference today was for the purpose of talking over the matters this committee had agreed upon. The chief problem now is the old Spokane rate trouble. The meeting looks upon passenger matters as a side issue and there is but little doubt the question under deliberation deal exclusively with the western freight situation and the effects of the opening of the Great Northern to the coast.

President Clark, of the Union Pacific, will arrive in the city tomorrow to join in the conference. While there has been no decision yet reached, it becomes clear that the chief points in dispute will be settled by a division of the territory in the Puget Sound territory, and the Union Pacific will probably withdraw from that section entirely.

**A RECEIVER WANTED.**  
An Ohio Railroad Alleged to Be Making False Reports of Earnings.

COLEMAN, O., Jan. 11.—L. J. Martineau, a stockholder, has begun suit for a receiver for the Cleveland, Akron & Columbus railroad. The petition alleges that a number of Amsterdam bankers organized a trust in the stock of the company, placed persons without money to manage the road in their interests. He alleges false reports of earnings are issued and certain bonds appropriated. The trust is said to hold three quarters of the capital stock. President Martineau declares the allegations in the bill are factual and says the suit was instituted for stock jobbing purposes.

**ANOTHER COAL COMBINE.**  
This time the Nova Scotia Coal Fields are brought in.

HALIFAX, Jan. 11.—It is stated on good authority that an anthracite coal combine of United States and Canadian Pacific railroads is about concluded by which, for a consideration of seven million dollars, they secure control of the coal fields of Nova Scotia to protect themselves against Nova Scotia coal in case the duty on coal is removed. The legislature has been called to ratify the deal. A Philadelphia dispatch says the reported purchase of the Nova Scotia coal fields by the four great coal operators, Reading, railroad company and others could not be actually confirmed here, but that what a deal has been consummated is generally believed in financial circles. It is said William C. Whitney of New York is interested largely in the Nova Scotia deal and that his brother went to Halifax some time ago to complete final negotiations of the sale.

**Decided Against the Railway.**  
TRENTON, N. J., Jan. 11.—Chancellor McGill had an opinion today on the application for a receiver for the Central Railroad company of New Jersey, deciding every point in favor of the state, and ordering the appointment of a receiver who will not be named until the master reports whether there are any changes in the status of the case since it was argued.

**Municipal Building for New York.**  
NEW YORK, Jan. 11.—At a meeting of the municipal building commission this afternoon it was decided to erect a new municipal building on the site of the present city hall. It is proposed to make it one of the city's greatest ornaments. A committee was appointed by the mayor to prepare for advertising for plans and specifications for the building.

**Hogan and Lyons Will Fight.**  
NEW YORK, Jan. 11.—Kid Hogan, hantam weight of Brooklyn, and "Dolly" Lyons of this city, were matched tonight for a battle before the Coney Island Athletic club, on Feb. 6, for \$1,000 purse and a side bet of \$500. The battle will be the preliminary event to a finish contest between Australian Billy Murphy and Johnny Griffin, who is for a purse of \$5,000 and the feather weight championship belt.

**Chesapeake Bay Frozen.**  
CHESAPEAKE, Md., Jan. 11.—Chesapeake bay and all tributaries are covered with ice to a depth of eight inches, and the ice is so thick that it is almost impossible to get a boat out. The ice is so thick that it is almost impossible to get a boat out. The ice is so thick that it is almost impossible to get a boat out.

**Bismarck Implicated in Scandal.**  
BREMEN, Jan. 11.—The claims are made by *Forerunner* that it is in possession of papers regarding the Bismarck scandal that will implicate Prince Bismarck. The editor of the paper says in a short time he will publish a full list of the names implicated.

**News Notes.**  
Typhus fever is abating at all places in Mexico where it has been prevalent. At Albany, N. Y., the Republican joint caucus has nominated Senator Hancock. Governor-elect John B. McCreary of Washington and other state officers were inaugurated yesterday.

In Hartford, Conn., a caucus of Republican members of the general assembly has re-nominated Senator Hawley. At Utica, N. Y., the Young's bakery and Cronin planning mill burned yesterday afternoon. The loss aggregates \$75,000.

At Augusta, Me., the Democratic caucus last evening unanimously nominated Arthur Sewall of Bath as candidate for United States senator. The retail furniture dealers of the country, who have been in session in Chicago the past three days, have effected a national organization, with John M. Smythe of Chicago as president. A Frederick, Md., telegram says at 5:15 yesterday afternoon there was a distinct shock of earthquake felt in the western part of the county. Goods were thrown from the shelves of stores. The shock lasted from five to ten seconds. The Mollenhauer Sagar Refining company of New York, with a capital of

\$1,000,000, will begin to compete this week with the American Sugar Refining company. The capacity will be 3,000 barrels daily, which also means a business of \$45,000 a day.

**Fish Waffles.**  
One quart of sifted flour, one teaspoonful of salt, three eggs, 2 ounces of butter, one-half cup of yeast or half a compressed cake, and one and a half pint of milk. Rub the butter into the flour, add the salt, then the milk—which should be scalded and cooled—and the yeast; beat thoroughly for five minutes; cover, and stand in a warm place for two hours, or until very light. Then beat the eggs separately, add to the batter first the yolks and then the whites, beat fifteen minutes. Have the waffle-iron gradually and thoroughly heated. Dip a small paint brush in melted suet and brush the iron until every part is well greased. Pour the batter into a pitcher, so that you may tilt the iron quickly. Open the iron, pour the batter into the center, then the iron until you have covered the elevations, close the iron quickly and turn it over. Bake about two minutes, or until a nice brown; then remove them carefully, place on a hot dish and serve quickly.

**Things Not to Be Disliked.**  
Don't dislike the woman who is prettily dressed; she is not of necessity a fool. Don't dislike the book that is interesting; it is not bound to be trash. Don't dislike the music that is catching; it has a much greater mission than any of Wagner's operas. Don't dislike the woman who changes her mind—she knows what she knows when she makes a mistake. Don't dislike men who dress well and are good manners; it is just possible that they are good fellows. Don't dislike children; remember somebody had to bear with you once. Don't dislike anything except that which is mean, low, vulgar and wicked. —House Queen.

**CITY DIRECTORY.**  
List of the Officers of the Municipal Government of Salt Lake City.  
The municipal government of Salt Lake City is vested in a city council composed of a mayor and fifteen councilmen. Mrs. M. W. Thatcher, Logan.  
Miss May Preston, secretary, Salt Lake City.

**Salt Lake County World's Fair Association.**  
Executive Board—Mrs. E. B. Wells, president, Mrs. G. Y. Wallace, 1st vice-president, Mrs. Francis Jennings, 2nd vice-president, Mrs. Margaret A. Quinn, secretary, Mrs. Emma McCormick, assistant secretary, Mrs. Bertha Barker, treasurer, Mrs. G. A. Quinn, Mrs. Ann D. Groesbeck, Mrs. Sarah Rogers, Mrs. Kate Smith, Mrs. Amelia F. Young.

A NEW YEAR'S CALL.

It is an occasion of congratulation. But such a call at our store is doubly so, because every caller becomes a lucky purchaser, and we exchange congratulations over the fact. Profitable purchases are especially pleasant now, when pleasant experiences are in order. Now that calls are the proper thing, permit us to call your attention to our Winter Suite. You'll certainly call them all, and you'll be dead right if you do. In January prices fall and so do prices, and if the snow does go quickly, the low prices are better buyers. Don't stay too long though, but catch the bargains while they're here. Spring is coming, when the snow and low prices will go together.

# Housebuilding Is An Art.

That has been practiced among men for a considerable time, and one which we should think might fairly be expected to have reached a reasonable degree of perfection. And so it has. Yet who is there that has not known of houses which have taken fire from "defective flues"? This leads us to emphasize again the importance to you of the good mason who is a so the honest man. We are not altogether disinterested in this. Good chimneys, good flues and stove men, are good friends. We wish you, in your interest as well as our own, to have a Jewel Range and although the Jewel Range is superior to other ranges, it is not superior to physical laws, and needs to be heaped by a good draught, such as is secured only by a properly built chimney. Therefore, we say, make sure of the good mason!

And also, make sure of the Jewel Range. It will last you longer and serve you better than any other range that is made. As years go by it will cost you least for repairs. It ought to be in every house in Salt Lake—in Utah—in this whole country. Wherever there is a house without it, that house would be better with it. Ranges have been greatly improved of late years, and the Jewel Range is the result of the advances that have been made.

BOOKS OF THE UTMOST PRACTICAL USE AND VALUE TO EVERY FARMER AND HOUSEKEEPER!

They contain 768 Pages and Hundreds of Illustrations, and are Six of the Greatest Books Ever Published for the Farm and Home!

**DO YOU KNOW WHAT**

**THE AMERICANIZED ENCYCLOPEDIA BRITANNICA IS!**

FIRST—It is a library of the choicest, most useful and most entertaining reading on an almost infinite variety of subjects. It contains the history of every country in the world; the biography of every celebrated individual of ancient or modern times, including all the living statesmen, generals, historians, poets, novelists, inventors, discoverers, scientific men, and thinkers of this nineteenth century. It tells the stories of famous voyages and travels, describes the habits and customs of every people, explains the principles of every scientific invention, discusses the problems of political and social economy—in short, sweeps round the whole circle of human thought and knowledge, and spreads before you the best work of

More than 1,000 of the Ablest Writers OF THE AGE.

SECOND—It is a complete Library of Reference. It makes no difference what you want to know about, what fact you want to verify, what allusion you want to understand, the Americanized Encyclopedia Britannica will tell you all about it at a moment's notice.

THIRD—It is one of the best Atlases that can be bought for money. It contains ninety-six new and beautifully executed maps, including a new map of every one of the States and Territories of the Union.

FOURTH—It is a perfect Biographical Index. You can turn to it with perfect confidence for full particulars of the life of any man of note down to this present year, 1890.

**Why Americanized Encyclopedia Britannica?**

Because that name describes it accurately. It is the Encyclopedia Britannica—latest edition—remodeled so as to fit it for use in American homes. The original "Britannica" was compiled by Englishmen for the use of Englishmen. The "Americanized Britannica" has been rearranged by Americans for the use of Americans. The original work devotes special attention to subjects of special interest to Englishmen. The Americanized Edition devotes special attention to subjects of special interest to Americans. The original work gives no biographies of people who were living at the time it was compiled. The Americanized Edition contains the biography of every noted man, whether alive or dead. The latest edition of the original "Britannica" was compiled nearly fifteen years ago. The Americanized Edition has been revised and corrected to the present year.

**TEN LARGE VOLUMES,**  
About seven thousand pages. About fourteen thousand columns. Between eight and nine million words. And the whole set will cost you only a trifling fraction more than

**8 CENTS A DAY**

**NOT A CHEAP, THROWN-TOGETHER WORK.**
